

# Extend the Power of Your Foodservice System with Our Smart Service Suite

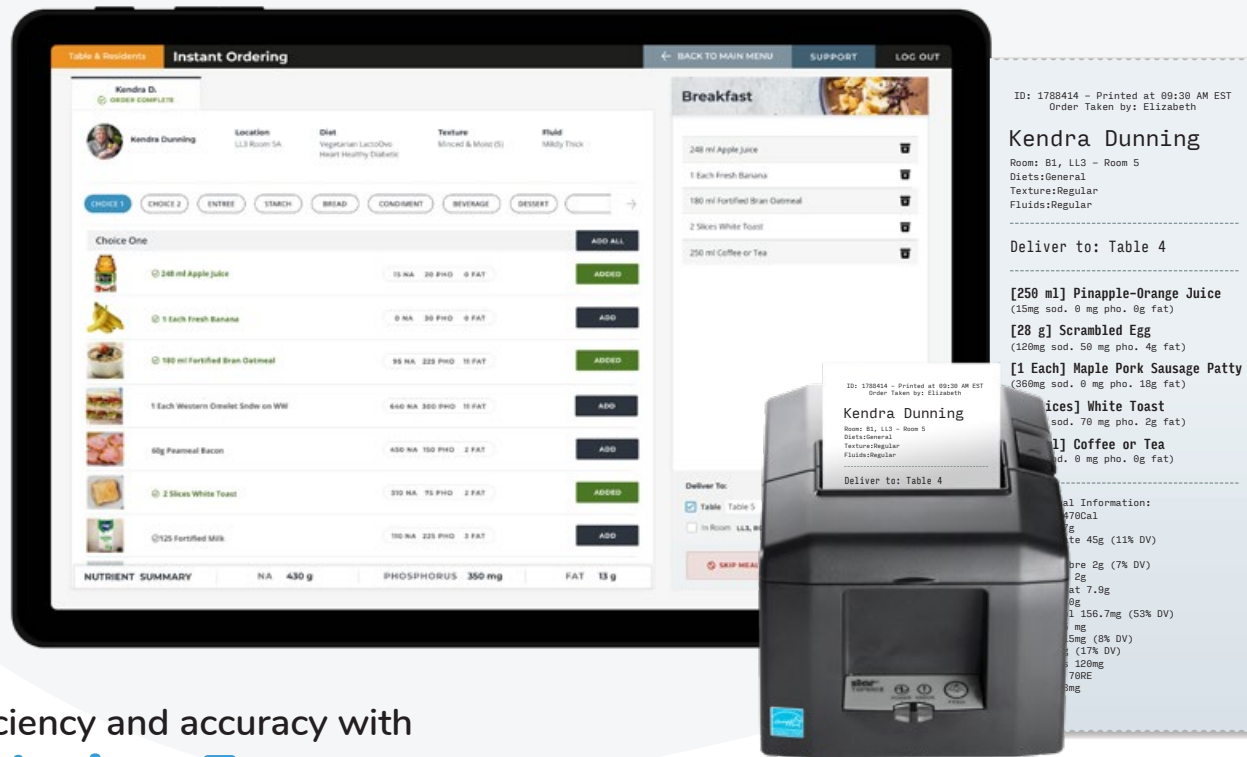

## Execute in-room dining with ease with **Advance Ordering**

With a highly graphic and easy to navigate design, the Advance Ordering module will help you overcome the challenges that come with in-room ordering & dining.

- ✔ Take patient or resident meal orders up to 7 days in advance on a tablet or laptop computer
- ✔ Disperse delivery times to alleviate overwhelm at service
- ✔ Orders may also be placed via phone for those without a device or who may be in quarantine

Contact [Sales@MealSuite.com](mailto:Sales@MealSuite.com) for a personal demo.

## Boost delivery efficiency and accuracy with **Instant Ordering Express**

Integrated with resident profiles, Instant Ordering Express empowers any short-staffed team to take orders efficiently and deliver the correct items with confidence.

- ✔ Allow your team to take orders and view resident profiles on a tablet from both tableside and bedside
- ✔ Order tickets are sent to the kitchen instantly in real time
- ✔ All hardware is shipped to you pre-configured and ready to use – including tablets and thermal printers
- ✔ Simply have your team watch the 10 minute training video (included FREE!) so you can put your mind at ease

For your convenience, all equipment is provided on a rental program, with rapid turnaround times, so you can have your budget approved and solution functional in a matter of days.

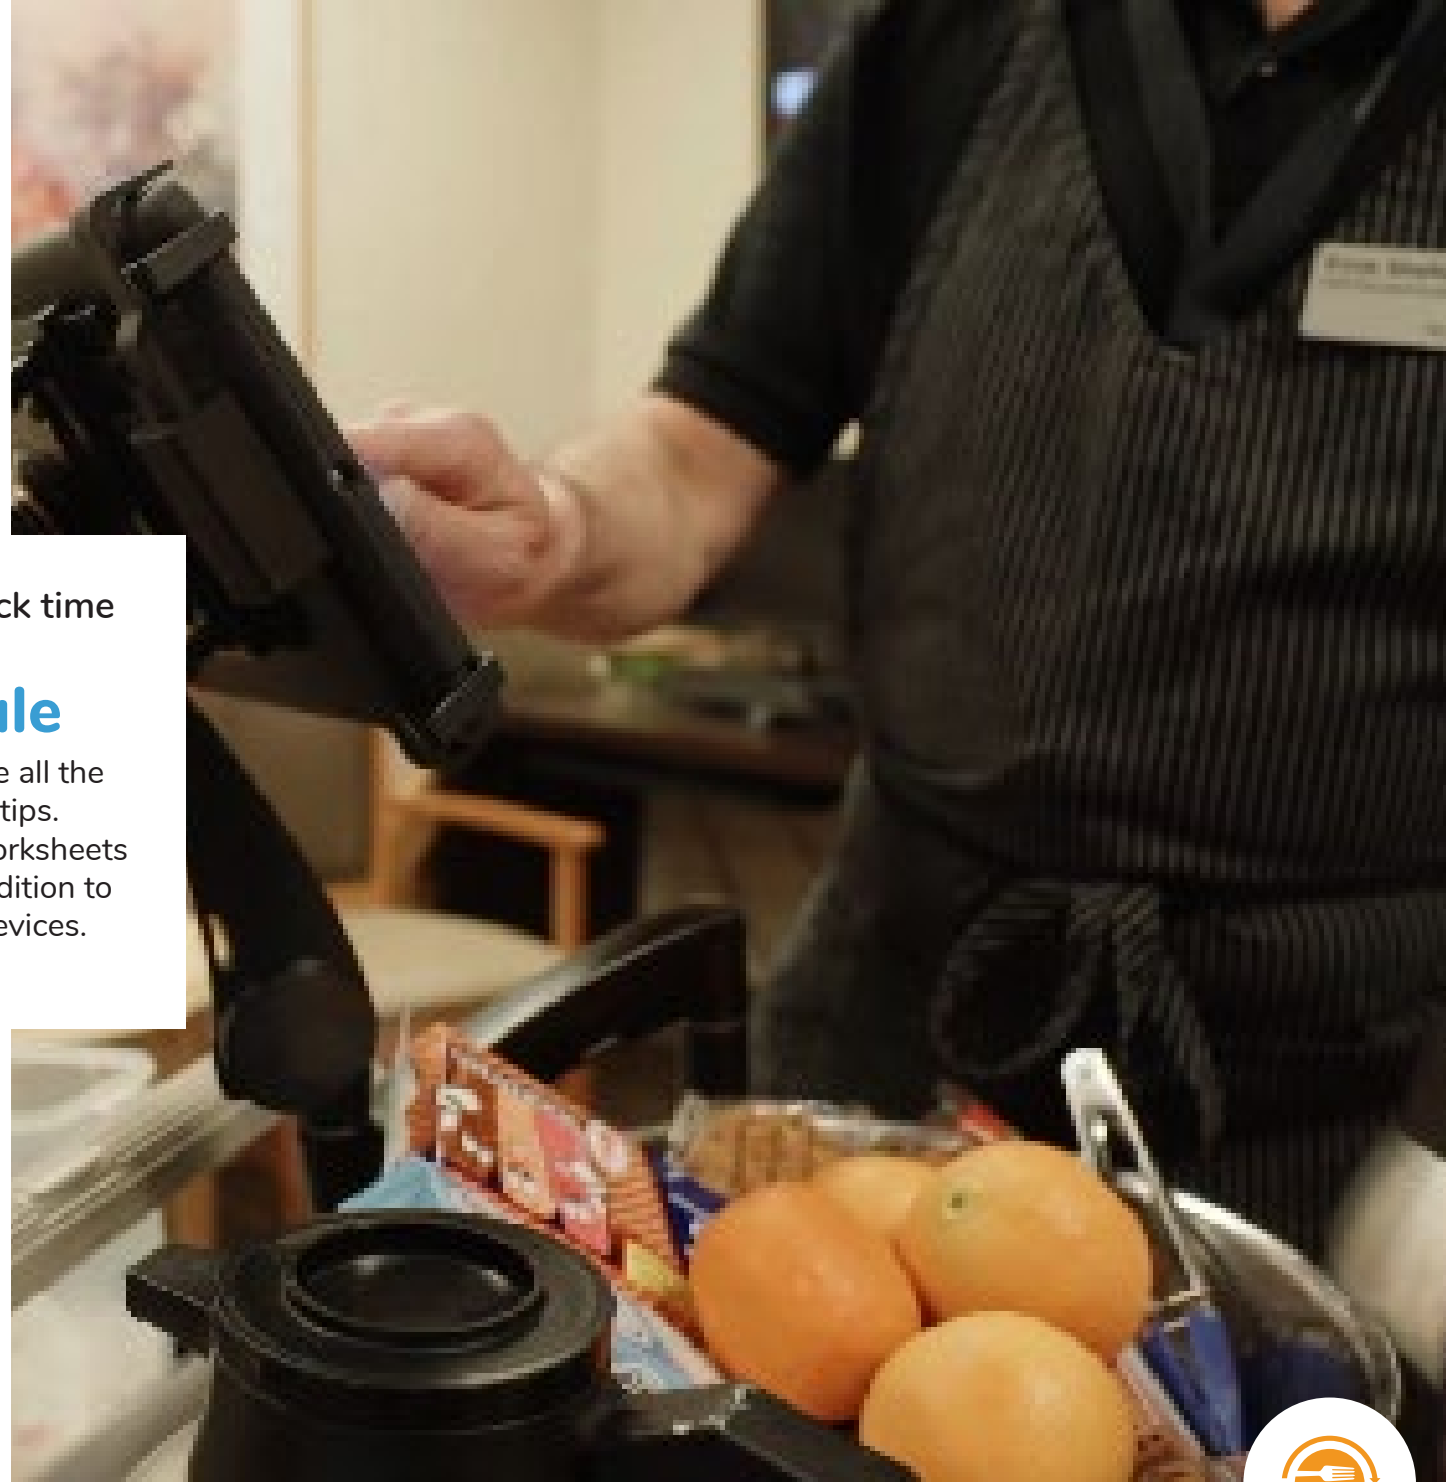

Contact [Sales@MealSuite.com](mailto:Sales@MealSuite.com) for a personal demo of any of these solutions.

Deliver personalization at snack time  
with our

## Snack Cart Module

Use tablets on snack carts and have all the information you need at your fingertips. Create snack labels and delivery worksheets for personalized notes served in addition to meals including adaptive feeding devices.
